

JEYASREE M.Sjeyasree14061998@gmail.com**9789496871** 

Professional Objective

Embedded Software Engineer with 6 years of experience in the design, development, and testing of embedded systems within the automotive domain. Specialized in Active Safety and Vehicle Dynamics (ABS, ESP, HEV), with hands-on experience in embedded C programming using ASCET, CAN communication (CAN, UDS) for ECU software development. Currently seeking to leverage my skills in a embedded control systems role With a strong focus on feature development, debugging, and system optimization.

Employee Summary

- Requirement Engineering: Translation of customer requirements into software specifications
- Design and development using Embedded C on ASCET which is similar to MATLAB
- Hands-on experience with Active Safety products: ABS, ESP, Power Train functions
- Tools: DOORS, IBM Rational ClearQuest (CSCRM), ALM, TSDE Configuration Management (TCM)
- Software integration using SharCC 9.3, SVN
- Exposure to V-Model, Agile Methodology, ASPICE, and Scrum
- Testing support on SIL,MIL,HIL (ETAS LabCar) and SIL (Simulation in loop)

Key Skills

- AUTOSAR (BSW, MCAL, RTE) Configuration
- Functional Safety (ISO 26262), ASPICE Compliance
- Requirement Engineering – DOORS

Work Experience

Bosch Global Software Technologies Pvt. Ltd., Coimbatore

Senior Software Engineer

May 2019 – June 2025

Worked on software development of ABS, ESP safety systems. These systems aim to control vehicle dynamics and assist in regaining vehicle stability. As an Software Developer, I contributed to the development of several safety and comfort-based functions primarily for Ferrari and Goupil vehicles. The role involved Embedded C coding using ASCET tool, platform software modification for customer-specific requirements, and testing on both Lab Car and OOL simulation. Rating VTC (Vehicle Test Cases) and creating test scenarios in Quality Centre tool - Resolved bugs with validated fixes tested on HIL simulations.

ACADEMIC PROFILE:

10th Standard (State Board)-2013

12th Standard (State Board)-2015

Bachelor of Engineering (B.E.) – ECE

KLN Collage of Information Technology – 2015 to 2019

I, hereby declare that all the above information is true to my knowledge.
